

Continuing Education Benefits for SANS Technology Institute Alumni*

SANS Technology Institute is pleased to offer our alumni the following opportunities:

Annual Single Course Discount

Alumni may take one SANS class per year at the same tuition rate as a non-degree seeking student taking a single course. No credit will be awarded for these classes. For registration instructions, email alumni@sans.edu.

Additional SANS Technology Institute Programs

Alumni interested in enrolling in additional programs at the SANS Technology Institute will benefit from:

- Waived application fees
- Streamlined enrollment in subsequent programs

Examples include:

(1) A master's alum finishes his/her degree and seeks to enroll in a graduate certificate program within 60 days of completion. No reapplication for admission is required.

(2) A student completes a graduate certificate and seeks to enroll in another graduate certificate program within 60 days of completion. No reapplication for admission is required, except for the Cybersecurity Engineering (Core) program which requires a writing sample.

(3) A student who completes a graduate or undergraduate certificate program and seeks to enroll in the master's degree program. Application is required, but fee is waived.

How to Enroll:

Students wishing to enroll in a subsequent program within 60 days of completion should contact their student advisor.

Alumni who wish to apply to a subsequent program should email info@sans.edu with a request to waive the application fee.

**Alumni are students who have earned a master's degree or completed a graduate or undergraduate certificate program with the SANS Technology Institute (www.sans.edu).*
