Introduction

Thank you for your interest in the SANS Technology Institute’s post-baccalaureate certificate programs. This document leads you through the required steps in the process, and may be used as a checklist for completion.

Minimum Program Requirements

Before you complete the application materials, please confirm you meet the minimum criteria required of all applicants:

- Have at least 12 months of professional work experience in information technology, information security, or audit
- Be employed or have current access to an organizational environment that allows you to apply the concepts and hands-on technical skills learned during the master’s program
- Have earned a baccalaureate degree from a recognized accredited college or university, or the international equivalent), with a minimum cumulative grade point average of 2.8

Admissions Deadlines

Application deadlines fall on the 15th of each month and application review takes up to 30 days. If admitted, students will be eligible to join the next available New Student Orientation (NSO), which begins the first of each month. Only after a student completes New Student Orientation will they be allowed to register for their first course.

Example Admissions Timeline: For applications submitted by May 15th, applicants will be notified of an admissions decision within 30 days, on or before June 15th and then begin New Student Orientation (NSO) on July 1st.

Application Requirements

All application materials, with the exception of the application fee and official transcripts, will be submitted online at apply.sans.edu. All applicants must submit the following:

A. Application Form
   - To log into the graduate application portal, you must create a SANS account at https://www.sans.org/account/create. If you already have an account, please log into the graduate application using your SANS account credentials.
   - The application can be found online at apply.sans.edu and you will be guided through each step. The application will not be reviewed for admission until all supporting documents are submitted.

B. Current Résumé
C. Official Transcripts
D. Application Fee
E. Aptitude Assessment
F. Cybersecurity Engineering (Core) program only:
   i. Writing Sample
Application Details

Current Résumé
Highlight your current experience and showcase your career history. Provide details on your responsibilities in your current role and previous roles to help understand your experience in information technology/information security. Make sure to include all industry certifications and your educational background.

Official Transcripts
Students must submit official transcripts for all schools where a degree was conferred.

Please have your college/university submit an official copy of your transcript directly to transcripts@sans.edu. If electronic delivery is not an option, please mail official, sealed copies to:

SANS Technology Institute
PO Box 184
Pella, IA 50219

All transcripts submissions must be official, which means they are sent directly from your prior school(s) to SANS.edu with no student contact involved.

INTERNATIONAL STUDENTS: If submitting a transcript from a college/university outside of the United States, please first review the requirements for international students (https://www.sans.edu/admissions/international).

Submit the Application Fee
In order to complete the application process, students must submit the non-refundable $35 application fee. The fee can be paid online through our payment suite.

Aptitude Assessment
Applicants will be required to complete an online aptitude assessment.

After starting an application, applicants will receive an email with an access code and instructions for completing this aptitude assessment. You will have two hours to complete the assessment which will cover areas such as networking concepts, operating systems, and general information security aptitude.

For the purposes of the graduate school, this assessment is evaluated on a pass/fail basis. You will not receive a score report after the assessment, but our team will let you know if you do not pass the assessment.

Writing Sample Instructions - Cybersecurity Engineering (Core) program applicants only
Applicants to the Cybersecurity Engineering Core program are required to write a short essay on the following prompt.
Requirement: Please list at the top of the first page the title (below), your name, and the date. Please use single-spaced paragraphs with a double space between them. Font should be 11-point, in Times New Roman, or Calibri, or Arial. Of course, be mindful of grammar, spelling, punctuation, and syntax, which are essential fundamentals to our evaluations.

Goals and Outcomes Statement: Provide an organized and thoughtful Goals & Outcome Statement detailing your expectations for a return on your investment in earning a graduate certificate in information security. What drives you to pursue this degree program? Your goals should be specific, realistic, time-related, and if possible, measurable. Integrate how your professional and/or personal background and experiences led to this choice, and how they relate to the desired outcomes. Discuss how you intend to use this program and your work experience over the next three to five years to further your leadership goals. This should be 2 pages in length.

Additional Instructions for International Students
Please review the full set of additional application requirements at https://www.sans.edu/admissions/international.

Additional Instructions for Student Veterans
Please review the full set of additional application requirements at https://www.sans.edu/veterans/admissions.

Conclusion

The SANS Technology Institute aspires to be the preeminent graduate institution translating contemporary information security practice and scholarship into effective educational experiences. Attracting and selecting the very best candidates for our program are critical elements to achieve this goal. We thank you for your interest, and wish you success with your application. Should you have questions during the application process, please email info@sans.edu.
