

Course Modalities

Students can take classes either in-person or through one of several online modalities. To begin a course in-person, students attend weeklong, immersive classes at training events held throughout the US. View the current dates and locations [here](#).

Online modalities include [OnDemand](#) (which is self-paced), [vLive](#) (two nights a week for 5 to 6 weeks), and [Simulcast](#) (streamed live from an in-person class).

Registration Instructions

When you are ready to register, please follow these steps:

- 1) Login to your SANS portal account. If you do not have a SANS portal account, you can create one [here](#).
- 2) Go to the [Registration Page](#) under the Student Section. There, you will select the appropriate program specific registration page. Logging into your SANS portal account first will populate the form with your contact information.
 - a. Confirm that the mailing address listed in your SANS portal account is the correct UPS shipment address. If not, please contact the Office of the Registrar at registrar@sans.edu.
- 2) In the "Comments / Special Needs (Shown on Invoice)" field in the Attendee section (see Figure 1), designate: How/When/Where you want to take the SANS class.
 - a. For an online class, please specify OnDemand, vLive, or Simulcast, and your intended Start Date (e.g., 'OnDemand / approx XX-XX-XX', or 'vLive / XX-XX-XX').
 - b. For an in-person class, indicate the name and location of the SANS instruction event you plan to attend. Also indicate your preferred shirt size (e.g., SANS 2016 - Orlando, XL).
- 3) Select the course. If you are unsure which course to select, please contact your Enrollment Manager or the Office of the Registrar at registrar@sans.edu.
- 4) Choose the appropriate payment method and make tuition payment. If you do not pay online at the time of your registration, please send a follow-up email to the Office of the Registrar at registrar@sans.edu when payment has been made.
 - a. Choose 'Check' as the payment method if you are using corporate tuition assistance benefits and your organization will pay your tuition directly. This does not apply to students who are responsible for paying tuition in advance and receive reimbursement from their employer only after a course is successfully completed.

5) When your registration and tuition payment are complete, the Registrar will enroll you in the appropriate SANS and GIAC course elements. You will see a second order in your SANS portal account with an "UNPAID" status for 3 to 5 business days. When the registration process is complete, this order will reflect a "COMP" status. You may receive an email notification directly from the SANS Institute once this process is complete.
